### A New Web Site!

**You're viewing our new web site.**

An experiential values program for children, young adults, parents and refugees, the program has a wide range of activities on the 12 universal values of peace, respect, love, tolerance, happiness, honesty, humility, responsibility, cooperation, simplicity, freedom, and unity.

A partnership of educators around the world, this program teaches values in a variety of ways -- little children sing and dance, paint and do activities, learn social skills and enjoy "quietly being." Older kids get to do the same -- but also explore issues of social cohesion and justice. It's not just "clarifying" values, but learning how important each one of us is, and how valuable each person on the planet is -- how we can make a better world when we live the values at our core.
