Living Values Education Newsletter Issue 67 - October 2020

World Values Day 2020 - Living Values Education Values Bookmarks

Warmest greetings and welcome to ALIVE's October 2020 newsletter. Based on reader response, we plan to adopt a pattern of more frequent and shorter newsletters and would welcome your comments about this and any further suggestions.

Announcing new Living Values Education Bookmarks!

World Values Day each year offers an opportunity to reflect on the important role that values play in the lives of each and every one of us. Following the popularity of the video we created last year, ALIVE, and its Associates and Focal Points for LVE from around the world, have come together on film again this year to share inspirations about values in celebration of World Values Day on Thursday, 15th October 2020. We're also making use of this short video to launch our new [Living Values Education Values Bookmarks](#) which remind us to pause for a moment's reflection on values and focus on these defining aspects of our personality, our relationships and way of life. While World Values Day lasts for only one day, let us make every day a day in which values are at the centre of our being and lives.

With best wishes from all of us at ALIVE for a peaceful and happy day on World Values Day - and every day!
