FEEDBACK

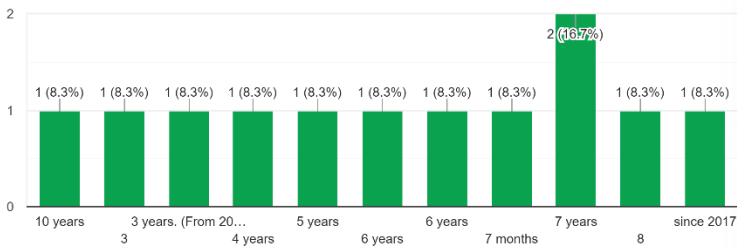

Your profession or work

12 responses

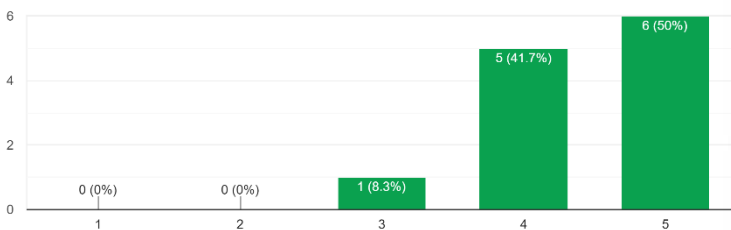

How long have you been working

12 responses

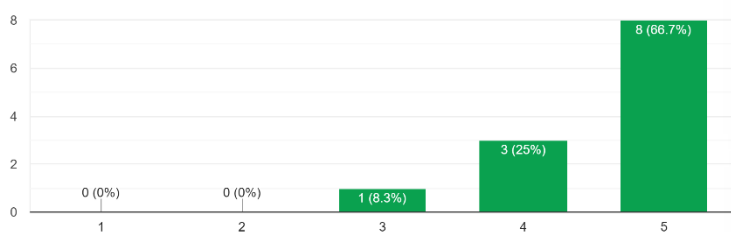

Educators automatically transmit their values to students simply by their behavior.

12 responses

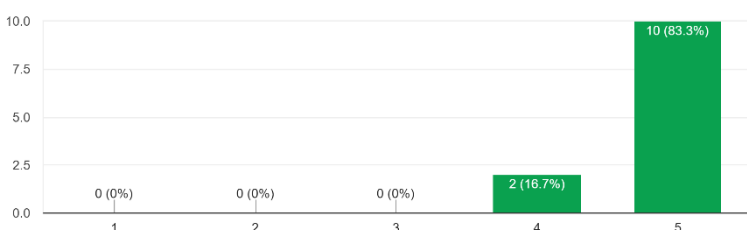

The activities were useful learning experiences

12 responses

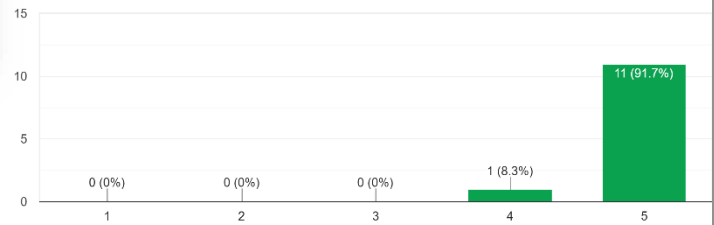

The facilitators were knowledgeable, well prepared

12 responses

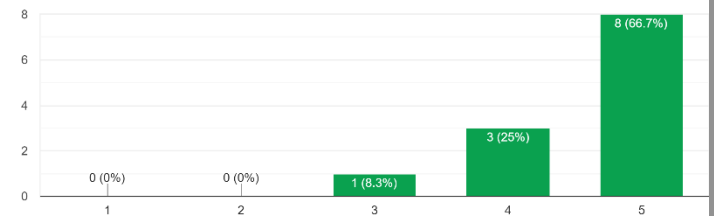

I want a peaceful world where people are kind, want to feel peaceful and happy, want our relationships to be caring and harmonious and want nature to be in its natural state of beauty.

12 responses

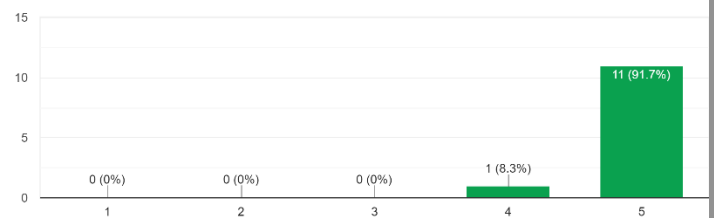

Educators plays an important role in child education and it is necessary to provide quality experiences through a meaningful exploration of ... and empower them to make a positive difference.

12 responses

Do you think if Value Education is incorporated in school, there will be a positive change in students behavior?
