

List of our trainings and conferences since 1996

Residential trainings at Nuneham House

We hosted international TTTs (every year from 1997 to 2005), international Co-ordinators meetings (every year from 2002 to 2006), and ALIVE international LVE community meeting and ALIVE general assembly in 2009.

We ran a TTT for Europe in 2008 (plus Ghana, Kuwait, Mauritius, Oman, Senegal and Thailand).

We ran TTEs for Europe in 1999 (plus Barbados, Mauritius), 2000 (plus Israel, Jordan), 2001 (plus Egypt), 2002 to 2004, 2005 (plus Trinidad), 2006 (plus Israel) and 2008.

In 2000, a group of Headteachers and members of the London Borough of Redbridge LEA held a conference to explore the place of values in School Ethos and School Improvement, both in terms of individual schools and the whole LEA. They wanted to learn about the scope and quality of LVE.

Living Values Education (LVE) promotes the development of values-based learning communities and places the search for meaning and purpose at the heart of education. LVE nurtures the heart as well as educating the mind and supports learners of all ages in developing greater awareness of their values and expressing them in daily life.
